

## PMA CYLINDERS

# AEROX FAA PMA PRODUCTION APPROVED CYLINDERS

## WHY PAY OEM PRICES FOR YOUR NEXT CYLINDERS?

Aerox PMA Oxygen Cylinders meet stringent FAA requirements and are manufactured by the same suppliers used by the OEM. Same quality, same production line the only difference is our label and a lower price.

Our PMA cylinders are a direct replacement for Zodiac Oxygen Systems US (Avox Systems Inc), Rockwell Collins (B/E Aerospace) and other manufacturers. New PMA cylinders being added based on customers demand. Many of the aircraft covered by our PMA supplements include Airbus, Hawker/Beechcraft, Boeing, Bombardier, Cessna, Dassault, Embraer, Gulfstream, Mooney, and many others.

Refer to Aerox FAA PMA approval PQ2091NE and supplements for aircraft applicability.

Originators of High Duration Oxygen Systems

OEM	OEM Part Number	Aerox Part Number	Cylinder Size (cu. ft.)	Cylinder Type
WORTHINGTON INDUSTRIES <sup>3</sup>	1270152-1	4110-200-1	22	Kevlar Composite
